Quote from Pope Francis' Encyclical on the Environment, Laudato Si'

230. Saint Therese of Lisieux invites us to practice the little way of love, not to miss out on a kind word, a smile or any small gesture which sows peace and friendship. An integral ecology is also made up of simple daily gestures which break with the logic of violence, exploitation and selfishness. In the end, a world of exacerbated consumption is at the same time a world which mistreats life in all its forms.
