

Our Biblical text for this year is Isaiah 32:14-18. The prophet Isaiah pictured the desolated Creation without peace because of the lack of justice and the broken relationship between God and humankind. This description of devastated cities and wastelands eloquently stresses the fact that human destructive behaviours have a negative impact on the Earth.

Our hope

Creation will find peace when justice is restored.
There is still hope and the expectation for a peaceful Earth.

To hope in a biblical context does not mean to stand still and quiet, but to act, pray, change, and reconcile with Creation and the Creator in unity, metanoia (repentance), and solidarity.
